SAN DIEGO-IMPERIAL SWIMMING

Outreach Membership Program

USA Swimming and San Diego-Imperial Swimming offer a membership program to help and encourage economically disadvantaged youth who are unable to afford the USA Swimming membership fees. The program offers qualified athletes the opportunity to become USA Swimming members for only $7.00.

The goal of the Outreach Program is to promote the identification, recruitment, training and retention of any of America's minority and disadvantaged youth that shows an interest in swimming and is unable to afford joining a local USA Swimming club.

The membership is a year round membership. Confidentiality of members will be maintained. The athlete will receive a year round athlete membership card as with any other year round athlete and they will be on the year round athlete list.

Proof of qualification for Outreach Membership can be shown by meeting the following criteria:

- Copy of a current reduced or free lunch letter/card from the athlete's school district or school itself verifying the athlete qualifies for reduced or free meals.
- If this information is not available, a tax return may be used to verify the qualifying income to be eligible for free or reduced lunch, or an income level that the registration chair, given her knowledge and expertise, feels is appropriate.

To apply for Outreach Membership:

1. Complete the San Diego-Imperial Swimming Registration form.

2. Submit all registration forms, the $7.00 registration fee, and proof of qualification to the San Diego-Imperial Swimming office.

Please contact Deanna Rupp, the LSC Registrar at 619-275-1292 or office@si-swimming.com if you have any questions.
