MEET MARSHALL	--	PS	HSA & SBA	CNSA & MVY	CAST & ICAC

Welcome to the 2016 Short Course Junior Olympic Championships!

Each team is reminded to keep their areas clean during the day and clean up all trash each evening before departing. This is a job that all teams are responsible for and is in our contract with the pool. When the trash can nearest you is full, please take it to the trash bin outside of the pool and replace it with a clean bag. Bags will be provided to each team. Drop your tarps down each evening in the event of storms.

If your team has an assigned job, please make sure that you have individuals in place when it is time for that job to begin. With everyone's cooperation, the meet will run smoothly. Meet Marshalls: Work with your partnered team to patrol all areas.

We will be running 9 lanes in the morning and 8 in the evening for finals. On Sunday in finals we will run 9 lanes for the 1650 only. Timers for lane 9 for the 1650 must be provided by the swimmers. All events with distances of 200 yards or less will be swimming Top 16 in finals.
